

This is to certify that
The Challenge

39 York Road, London, SE1 7NQ, United Kingdom

Has been assessed
by Peter Child for IT Governance Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials PLUS

Scope: Internet facing infrastructure for The Challenge Network (TCN) including cloud-based systems, firewalls and end-user devices based in the UK

Certification date: February 26th, 2019

Recommended re-assessment date: **February 25th, 2020**

Certificate no.: 7485680761092125

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
